Ventura County Transportation Commission Job Description

Program Manager – Transportation Planning

Definition

Under general direction, performs professional level transportation planning, programming and funding of transportation projects in the region; oversees long-range transportation planning activities, including developing and updating short-term action plans. Manages corridor and project planning activities. The Manager works closely with other departments, regulatory agencies and Commission members; and does related work as required.

Distinguishing Characteristics

This single-position management-level classification reporting to a department head, has primary responsibilities to ensure the smooth functioning of the transportation planning programs. This position exercises independent judgment and discretion in formulating, managing, and overseeing the programs. It is distinguished from the next higher level position of department head, in that the latter has greater responsibility for a wider variety of programs and functions.

Typical and Important Duties

Duties may include, but are not limited to, the following:

- Responsible for comprehensive multi-modal transportation planning within VCTC's jurisdiction including Ventura County Congestion Management Plan, Comprehensive Transportation Plan, Multi-modal Corridor Plans and the Comprehensive Airport Land Use Plan.
- Serves as a regional transportation planning resource to Ventura County jurisdictions and work to build consensus among local jurisdictions.
- Represents and coordinates VCTC plans with local, regional, and federal agencies including the Southern California Association of Governments and the Ventura County Air Pollution Control District.
- Responsible for the Ventura County Traffic Model forecasting process and periodic updates. Refines VCTM as necessary for consistency with the Southern California Association of Governments regional model.
- Supervises professional staff for VCTC's GIS function including data warehousing, map production, and spatial analysis. Also provides oversight of consultant contracts and ensures adherence to scope, schedule, and budget. Coordinates planning activities with internal departments and external agencies.
- Represents VCTC to the professional community, including making oral and graphic presentations or preparing materials for presentation to the Commission, committees, staff, and interested groups related to transportation planning and modeling issues. Oversees the preparation of Commission reports by professional staff.
- Supervises the work of professional staff to ensure adherence to project scope, budget, and schedule requirements. Provides periodic status reports and resolves issues in a timely manner.
- Assists local jurisdictions in the development of population, housing, and employments forecasts at traffic analysis zone level.

- Documents transportation model development and provides periodic status reports to Commission management.
- Collaborates with other managers and staff members in order to formulate and implement policies, procedures, goals, and objectives.
- Plans, directs, and reviews the work plan for the Department, meets with staff to identify and resolve problems; assigns work activities, projects, and programs, monitors work flow; reviews and evaluates work products, methods, and procedures.
- Participates in the development and administration of the department/division annual budget; scopes of work, grant proposals, and grants.
- Oversees the development of project lists for consideration in the annual OWP.
- Provides responsible staff assistance to the department director; prepares and presents staff reports and other necessary correspondence.
- Prepares amendments; interprets and explains regulations, procedures and guidance; researches, compiles, analyzes and summarizes information, prepares and maintains financial spreadsheets and establishes and maintains a complex and comprehensive database.
- Represents VCTC in statewide and regional transportation planning meetings.
- Plans, coordinates and facilitates a variety of policy and planning committee and public participation meetings to present information, to promote programs and services, to stimulate discussion and/or facilitate consensus.
- Plans, schedules and prioritizes planning projects and activities; communicates status of projects to executive management and works cooperatively to schedule activities according to established and specific operational priorities.
- Develops and administers program budget; oversees expenditures.
- Represents the Agency in meetings with other governmental agencies; makes presentations before commissions, boards, professional organizations, business organizations, community organizations, and the general public.
- Performs related duties and responsibilities as assigned.

Experience and Training

Any combination of experience and training that would provide the required knowledge, skills, and abilities would be qualifying. A typical way to obtain the knowledge, skills, and abilities would be:

Experience: Five years of progressively more responsible professional-level experience in urban, regional, transit or transportation planning or engineering, including at least two years managing transportation planning programs.

Training: A bachelor's degree from an accredited college with major coursework in regional, urban or transportation planning, community development, public policy, political science or a related field; and five years of public agency experience in urban, regional, transit or transportation planning.

Job-Related Qualifications

Knowledge of:

• Principles and practices of transportation, transit, land use and environmental planning; regional, urban and/or transportation planning and policy development.

- Organizational and management practices as applied to the analysis and evaluation of contracts, policies, and operational needs, project management principles and concepts.
- Principles and practices of budget development and administration.
- Pertinent Federal, State, and local laws, codes, and regulations, particularly related to Federal and State Departments of Transportation.
- Modeling principles and processes.
- Local state and federal transportation funding mechanisms.
- Effective public speaking and presentation techniques.
- Applicable local, state, and federal laws and regulations, particularly rideshare privacy statutes.
- Governmental procurement and contracts management requirements.
- Standard administrative practices and procedures, including the use of modern office procedures, standard computer software systems and equipment.
- Business letter writing and the standard format for reports and correspondence; report preparation and record keeping techniques.
- Organization and function of local, state, and federal public agencies as they relate to transportation issues.
- Accounting principles and practices.

Ability to:

- Provide administrative, professional leadership, and direction for the division.
- Research, analyze, and evaluate new service delivery methods, procedures, and techniques.
- Perform complex professional planning work with significant initiative and minimum supervision.
- Assign, direct, coordinate and evaluate the work of professional and technical planning staff.
- Analyze difficult problems, identify alternative solutions, project consequences of proposed actions, develop a positive course of action and implement recommendations in support of goals.
- Demonstrate sound professional judgment, reason logically, and think creatively.
- Research and interpret applicable federal and state rules and regulations as well as Agency policies. Interpret and apply the policies, procedures, laws, and codes, and regulations pertaining to programs and functions.
- Communicate effectively in writing, orally, and with others to assimilate, understand, and convey information, in a manner consistent with job functions.
- Prepare and present clear, effective, and accurate reports, correspondence, policies, procedures, and other oral and written materials.
- Make effective public presentations.
- Establish and maintain effective relationships with those contacted in the course of the work.
- Represent the Agency effectively in contacts with elected and other officials, representatives of other agencies, and the public, occasionally in situations where relations may be difficult or strained.
- Organize own work, set priorities, meet critical deadlines, and follow-up on assignments with a minimum of direction.
